Year 1

Spring Term 2

Weather

Maths

Multiplication and Division

- Count in multiples of twos, fives and tens.
- Solve one-step problems involving multiplication and division.

Number and place value, addition and subtraction

- Count to and across 100, forwards and backwards, beginning with 0 or 1, or from any given number.
- Count in multiples of twos, fives and tens.
- Identify one more and one less than a given number.
- Represent and use number bonds and related subtraction facts within 20.
- Solve one-step problems that involve addition and subtraction.

Addition and subtraction with money.

- Recognise and know the value of different denominations of coins and notes.

Science

How do plants grow?

- Learning where plants come from.
- Understanding how plants survive.
- Knowing how plants get what they need to survive.

English

Class texts:

- Lost in the toy museum
- The storm Whale

We will be using these texts to continue to develop a secure understanding of our skills of writing simple sentences, punctuating these with capitals letters and full stops. As well as joining sentences with 'and' and starting them in a variety of ways.

Parent Information

- All children are expected to read at least 5 times a week at home and this must be recorded in their reading record.
- Reading records must be in school every day so that we can record all school reading in them.

Geography

What is the weather like in the UK?

Measure different types of weather using symbols used in weather forecasts, describe seasonal changes and suggest appropriate clothing and activities for each season.

RE

Welcoming – linked to the welcoming of Jesus on Palm Sunday

PSHE

Our World – growing in our world.

PE

Exercise – How it can make you strong, healthy, relate to breathing, helps the brain and muscles

Target games– throwing and aiming

Computing

Data and information - grouping data

Music

Listen to Me

DT
