

Year 2 Home Learning Spring 2

Please see below the home learning for Spring 2, the aim is for at least one of these projects to be completed and presented to the class. Deadline for these to be in school is Friday 22nd March 2024.

Remember you should also be reading to an adult at least five times a week and weekly completion of Numbots and/or Times Tables Rockstars. If you need any support with logging on, please speak to your child's teacher.

Maths

This half term 2O and 2H are going into a competition on TTRS and Numbots. It is your job to go on it as many times as possible to be the winning class! Good luck!

English

Later in the half-term we'll be looking at the story 'Robot Rumpus'. To prepare for this either draw a robot using different shapes or make a 3D model. Once you've designed your robot write a simple set of instructions for how to program it using time conjunctions and imperative verbs i.e. First press the red button to switch the robot on. You could even name for robot design.

History

Do some research about Victorian schools then write a list of school rules.

Would you have liked to have gone to school in the Victorian times?

Science

This half-term we will be continuing our 'materials' topic.

Using different materials around your house create a bridge like structure that could be used for a gingerbread

man to cross.
