

Year 2 Home Learning Summer 1

Please see below the home learning for Summer 1, the aim is for at least one of these projects to be completed and presented to the class. Deadline for these to be in school is Monday 20th May.

Remember you should also be reading to an adult at least five times a week and completing Numbots and/or Times Tables Rockstars each week. If you need any support with logging on, please speak to your child's teacher.

Maths

Practise solving missing number calculations for example

$$\underline{\quad} + 4 = 10$$

$$23 + \underline{\quad} = 30$$

You could ask your older siblings or an adult to test you.

Practise quickly recalling the number bonds to 10 using

<https://www.topmarks.co.uk/maths-games/hit-the-button>

Who will win the next Numbots and TTRS competition between 2H and 2O? How many coins can you get?

History

We'll be comparing two historic females - Mary Seacole and Florence Nightingale. Write a simple fact-file comparing these important figures. This could be completed electronically or hand written.

English

As part of our learning journey of 'The Minpins' by Roald Dahl draw a small sized version of yourself or take a photograph and shrink it. Then write about some of the adventures you went on.

Science

Our theme is 'pushes and pulls'. Either create a tally showing which objects around your house can be pushed or pulled or create a simple table showing your results.
