

# Year 3 Home Learning Autumn 1

Our Year 3 weekly home learning expectations are:-

Read your school reading book five times per week.  
Develop your times tables fluency using Times Table Rockstars  
Learn your spellings each week.

You are also expected to complete at least one of these projects which you will bring in to present to the class.  
The deadline for these to be in school is Tuesday 10<sup>th</sup> October 2023 – this is so that we can incorporate it in with our  
Stone Age Day on Thursday 12<sup>th</sup> October 2023.

## Maths

Design and create a times tables board game which will support the class to learn their times tables. Remember, you will need to provide rules to play the game. We will keep these in school and use them for wet play days.

## English

Create a fact-file about life in the Stone Age. You can draw, write, word-process or create a powerpoint instead.

## History

Through your own research and your learning in the classroom, make something that a Stone Age person might have used, or lived in. You could make: a cave, tools, a fire, animals, clothes, Stone Age people etc.

## Art

Create some cave-paintings, using natural materials as your paint and painting materials or brushes. E.g. You could make a brush out of a stick and use it to paint. Make natural colours for paint, using spices/ mud/ grass/ flowers etc. Try and make the painting as natural as possible – be creative. You can also label it or write a key to explain what natural materials you used.
