

# Year 3 Home Learning Spring 1

Our Year 3 weekly home learning expectations are:-

Read your school reading book **five times per week**.

Develop your times tables fluency using Times Table Rockstars. By the end of Year 3 children should be confident in their 3s, 4s, 6s and 8s, having learnt their 2s, 5s and 10s in KS1.

Learn your spellings each week.

You are also expected to complete at least one of these projects which you will bring in to present to the class.

The deadline for these to be in school is **Monday 5<sup>th</sup> February 2024** – this is so that we can share our work in class on **Wednesday 7<sup>th</sup> February**

## Maths

Explore fractions in your everyday life.

For example sharing a pizza or a cake.

Create a poster to explain how you use fractions in your everyday life.

## English

Create a story about the junk island that you made. Who lives there? How do they survive using only recycled items?

You can write or type your story and maybe add an illustration or two.

## PSHE

### **Healthy Me**

Create an exercise routine that helps to keep you healthy.

Create a healthy snack and explain why it is healthy.

Create an information leaflet for a younger child explaining different ways they can keep healthy.

## Art

Using shading techniques, create a still life sketch.

You could go outside and find a feature from the landscape to draw or create one from objects in your home.
