

Year 6 Home Learning Spring 1

Our Year 6 weekly home learning expectations are:-

Read your school reading book five times per week.

Develop your times tables fluency using Times Table Rockstars

Learn your spellings each week.

You will also be given up to 3 home learning tasks a week for each SATs practice book which you will need to complete.

You are also expected to complete at least one of these projects which you will bring in to present to the class.

The deadline for these to be in school is Monday 5th February 2024.

English

Write a seasonal poem based on a plant or animal. Present it neatly and prepare to perform it to the class.

OR

Write a narrative (story) based on an encounter with a wild animal. Draw inspiration from similar books written by authors such as Michael Morpurgo.

History / Design and Technology / Art

Read a Greek myth and create a piece of artwork or model inspired by the story.

For example: You could create a model of a Trojan horse, a labyrinth, or draw/paint an image representing the story of Icarus.

Science

Investigate which fruits can be used as batteries in electrical circuits. Create a table of results and explain your findings. Use the link below to help:

<https://sciencing.com/fruit-projects-making-light-fruit-7900040.html>

Maths

Create a board or card game based on fractions, decimals and percentages (or one of these) that will help Year 6 while revising for SATs.
