

CHALK RIDGE PRIMARY SCHOOL

HEALTH AND SAFETY POLICY

Reviewed and approved by Resources Committee January 2014

Last reviewed September 2023 Next review - September 2024

Headteacher: Miss Sue Jackson

Health and Safety Governor: Elliot Roberts

Statement of Intent

It is our policy to carry out our activities in such a way as to ensure so far as is reasonably practicable, the health, safety and welfare of our employees and all persons likely to be affected by our activities including the general public where appropriate. We will co-operate and co-ordinate with partnerships, contractors, sub-contractors, employers, Hampshire County Council departments and the occupiers and owners of premises and land where we are commissioned to work in order to pursue our Health and Safety Policy aims.

Our aims are to:

- Provide and maintain a safe and healthy working environment ensuring the welfare of all persons
- Maintain control of health and safety risks arising from our activities
- Comply with statutory requirements as a minimum standard of safety
- Consult with all employees on matters affecting their health, safety and welfare
- Provide and maintain safe systems, equipment and machinery
- Ensure safe handling, storage and use of substances
- Provide appropriate information, instruction and supervision for everyone
- Ensure employees are suitably trained and competent to do their work safely
- Continually develop a safety culture to remove or reduce the possibility of accidents, injuries and ill-health
- Assess risks, record significant findings and monitor safety arrangements
- Review and revise safety policies and procedures periodically and when circumstances may introduce a requirement to amend or improve arrangements
- Develop and maintain a positive health and safety culture through regular communication and consultation with employees and their representatives on health and safety matters

Our health and safety management system has been developed to ensure that the above commitments can be met. All employees and governors will be instrumental in its implementation.

Organisation

Employer Responsibility

The overall responsibility for health and safety at Chalk Ridge Primary School is held by Hampshire County Council and the Governing Body.

The employer is responsible for making sure that risks are managed so far as is reasonably practicable.

The employer will:

- Set clear Health and Safety policies and procedures
- Ensure that health and safety has a high profile
- Ensure adequate resources for health and safety are made available
- Consult and advise employees regarding health and safety requirements and arrangements
- Periodically monitor and review local health and safety arrangements

Responsible Manager

The responsible manager for the premises is Sue Jackson who will act to:

- Ensure the school adopts the employer's policies and procedures
- Develop a safety culture throughout the school premises
- Consult employee and provide information, training and instruction so that employees are able to perform their various tasks safely and effectively
- Consult and work with recognised Trade Union Safety Representatives/employee representatives and safety committees
- Assess and control risk on the premises as part of everyday management
- Ensure a safe and healthy environment and provide suitable welfare facilities
- Make operational decisions regarding health and safety
- Ensure periodic safety tours and inspections are conducted
- Ensure significant hazards are assessed and risks are managed to prevent harm
- Ensure employees are aware of their health and safety responsibilities
- Periodically update the governing body as appropriate
- Produce, monitor and periodically review all local safety policies and procedures

All Employees (including Teachers, Support Employees, Site Employees, and Volunteers)

All employees have a statutory obligation to co-operate with the requirements of this policy and to take care of their own health and safety and that of others affected by their activities by:

- Supporting the unit/centre/school/premises health and safety arrangements
- Ensuring their own work area remains safe at all times
- Not interfering with health and safety arrangements or misusing equipment
- Complying with all safety procedures, whether written or verbally advised, for their own protection and the protection of those who may be affected by their actions
- Reporting safety concerns to their employee's representative or other appropriate person
- Reporting any incident that has led, or could have led to damage or injury
- Assisting in investigations due to accidents, dangerous occurrences or near-misses
- Not acting or omitting to act in any way that may cause harm or ill-health to others

All Teachers and Supervisors

The responsibility of applying local safety procedures on a day-to-day basis rests with the teachers and supervisors. Where any new process or operation is introduced in the area of their responsibility, they are to liaise appropriately so that the associated risks are assessed and any precautions deemed necessary are implemented.

They are to ensure that all new members of employees under their control are instructed in their own individual responsibilities with regards to health and safety, and they will appropriately monitor those new employees. They are to make periodic inspections of their areas of responsibility, taking prompt remedial action where necessary to control risk.

Resources Committee (Safety Committee)

The purpose of the Resources committee is to assist in the assessment of safety related matters and provide appropriate support to the Headteacher. The Resources Committee is to periodically meet to monitor and discuss on-site health and safety performance, and recommend any actions necessary should this performance appear or prove to be unsatisfactory. Resources committee

employees will be kept informed of all changes in practices and procedures, new guidance, accidents, incidents and risk related matters. The safety committee is part of the Resources Committee.

Accident Investigator

The Accident Investigator will attend accident investigator training every 3 years.

The on-site trained accident investigators are Sue Jackson and Sue Baskerville who will lead on all accident investigations in accordance with departmental and corporate procedures.

Asbestos Competent Person

The nominated responsible person (Sue Marshall) will attend the Hampshire Scientific Services Asbestos awareness taught course on appointment. They will also complete the Asbestos e-learning course annually.

Sue Marshall is the nominated competent person for asbestos on the premises and acts on behalf of the Headteacher to provide the necessary competence to enable asbestos to be managed safely in accordance with the Corporate Procedure.

The nominated responsible person will ensure that all employees have a reasonable awareness of asbestos management and dangers. She is to ensure that the appropriate employees are competent in the use of the asbestos register and that asbestos is managed in accordance with departmental and corporate requirements. She will advise the Headteacher of any condition or situation relating to asbestos which may affect the safety of any premise's users. She is to work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health and Safety Team as required.

COSHH Assessor

The COSHH Assessor will attend the COSHH assessor training course every 3 years.

Sue Marshall, the COSHH Assessor, is the competent person for the assessment of all the hazardous substances on the premises. They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

DSE Assessor

The DSE Assessor will attend the DSE assessor training course every 3 years.

The on-site trained DSE Assessor's role is to support the school with assessing the needs of the DSE Users in accordance with departmental and corporate procedures.

Caretaker/Site Manager (Facilities Management Trained employees)

The Site Manager will attend the Safety Awareness for Facilities Managers training course every 3 years.

The Site Manager, Sue Marshall, is responsible for undertaking a wide range of typical health and safety related duties acting on behalf of the Headteacher. She is responsible for the local management and completion of day-to-day premises tasks. She is to work within the parameters of any provided training and in accordance with risk assessments and the on-site safe working practices. She is to work within her level of competence and seek appropriate guidance and direction from the Headteacher and the Children's Services Health and Safety Team as required.

Fire Safety Co-ordinator

The Fire Safety Co-ordinator will attend the Fire Risk Assessment Principals and Practice training course every 3 years.

Sue Marshall is the Fire Safety Co-ordinator who is the competent person for fire safety on the premises and acts on behalf of the Headteacher. The Fire Safety Co-ordinator is responsible for the local management and completion of day-to-day fire safety related duties and upkeep of the fire safety manual. The Fire Safety Co-ordinator is to work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health and the Property Service Fire Team as required.

On-Site Health and Safety Co-ordinator/Officer

Sue Marshall is the on-site Health and Safety Co-ordinator to the school will manage, advise and co-ordinate local safety matters on behalf of, and under the direction of the responsible manager. They are to work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health and Safety Team as required.

Legionella Competent Person

The nominated person responsible for Legionella will complete the Legionella e-learning course annually.

Sue Marshall is the nominated competent person for Legionella on the premises and acts on behalf of the responsible Headteacher to provide the necessary competence to enable Legionella to be managed safely.

The Legionella competent person will ensure that all periodic and exceptional recording, flushing, cleaning and general Legionella management tasks are correctly completed and recorded in accordance with departmental and corporate requirements. She will advise the Headteacher of any condition or situation relating to Legionella which may affect the safety of any premise's users. She is to work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health and Safety Team as required.

Risk Assessor

The Risk Assessor will attend Risk Assessor training every 3 years.

Sue Baskerville (DHT) is the Risk Assessor acts of behalf of the Headteacher to ensure risk assessments are completed and hazards are identified and managed. They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health and Safety Team as required.

Work at Height

They will attend the Caretaking Support Service Ladder & Stepladder Safety course every 3 years.

Sue Marshall is the competent person for working at height acts on behalf of the Headteacher and will ensure work at height is carried out safely.

They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

The following arrangements for health and safety have been developed in accordance with the Management of Health and Safety at Work Regulations 1999. These arrangements set out all the health and safety provisions for Chalk Ridge Primary School and are to be used alongside other current school procedures and policies.

In carrying out their normal functions, it is the duty of all managers and employees to act and do everything possible to prevent injury and ill-health to others. This will be achieved in so far as is reasonably practicable, by the implementation of these arrangements and procedures.

Arrangements

The following arrangements for health and safety have been developed in accordance with the Management of Health and Safety at Work Regulations 1999. These arrangements set out all the health and safety provisions for Chalk Ridge Primary School and are used alongside other current school procedures & policies.

In carrying out their normal functions, it is the duty of all managers and employees to act and do everything possible to prevent injury and ill-health to others. This will be achieved as far as is reasonably practicable, by the implementation of these arrangements and procedures.

Accident/Incident Reporting and Investigation

The on-site management, reporting and investigation of accidents, incidents and near misses is carried out in accordance with the governing body's procedure requirements.

Any accident, incident or injury involving employees, visitors, contractors, and the more serious accidents/incidents to children are to be reported and recorded on the HCC Accident/incident reporting form (online or via the paper version stored in the school office). If the paper version is used then it will need to be added on to the online system as soon as practical).

A copy of the completed form is then automatically sent to Children's Services Health and Safety Team the person reporting the incident and the manager/Accident Investigator.

Following the completion of an online accident report, an investigation must be carried out as soon as practicable after the accident. Managers will receive an email request to complete an investigation, with a link to the investigation form.

Minor accidents to pupils are to be recorded in the Medical/Accident Book located in the school office.

The Children's Services Health and Safety Team will review every incident reported on the online system and identify which are notifiable to the Health & Safety Executive (HSE) under the Reporting of Injuries Diseases and Dangerous Occurrences Regulations (RIDDOR). If reportable, the Children's Services Health and Safety Team will report the incident to the HSE, and a copy of the report will be sent to the school. (*In Non-HCC controlled schools, the report to the HSE will need to be completed by the Employer.*)

The Headteacher will ensure that the governing body/senior management are informed of all incidents of a serious nature. All accident/incident reports will be monitored by the Headteacher for trend analysis to prevent reoccurrences. The governing body should be regularly updated on monitoring and any trends identified.

Community Users/Hirers/Extended Services must report all incidents related to unsafe premises or equipment to the school, who will report and investigate each incident. Incidents related to the user's own organised activities are to be reported by them in line with their own reporting procedures.

Asbestos Management

Asbestos management on site is controlled by the asbestos nominated responsible person. The asbestos register as issued by PBRs is located in the front office and is to be shown to all contractors who may need to carry out work on site. Contractors and anyone undertaking intrusive work must read and sign the register prior to being permitted to commence any work on site.

The Responsible Manager and the NRP will complete the asbestos checklist relevant to their role (one for each role) when they are appointed. Copies of these will be retained with the asbestos register.

The Responsible Manager, NRP and any other employees who may disturb the fabric of the building will complete the Asbestos Awareness e-learning annually. The NRP (and other employees who may carry out invasive works) will also attend the Hampshire Scientific Services half day attendance course once

Any changes to the premises' structure that may affect the asbestos register information will be notified to PBRs in order that the asbestos register may be updated accordingly.

Under no circumstances must contractors or employees drill or affix anything to walls that may disturb materials without first checking the register to ensure it is safe to do so and/or obtaining approval from the competent person.

Any damage to any structure that possibly contains asbestos, which is known or identified during inspection, should be immediately reported to the headteacher and/or the asbestos nominated responsible person who will immediately act to cordon off the affected area and contact the PBRs Asbestos Team for guidance. Any contractor suspected to be carrying out any unauthorised work on the fabric of the building should be immediately stopped from working and immediately reported to the Headteacher and asbestos nominated responsible person.

Community Users/Lettings/Extended Services

The Headteacher will ensure that:

- Third parties and other extended service users operate under hire agreements
- A risk assessment for the activity is completed and shared with all relevant parties
- The premises is safe for use and is always inspected prior to, and after each use
- Means of general access and egress are safe for use by all users
- All provided equipment is safe for use
- Fire escape routes and transit areas are safe and clear of hazards
- Hirers/users are formally made aware of fire safety procedures and equipment

Contractors on Site

For HCC schools' contractors will be selected from HCC minor works framework where possible. If the minor works framework cannot be used, the Selection of Safe Contractors Assessment Checklist will be used to ascertain competence and suitability prior to engaging their services. The school's Management Surveyor will be contacted for further guidance.

All contractors must report to the school office where they will be asked to sign the visitor's book and asbestos register, and will be asked to meet with the Site Manager. All contractors must be issued with the local written contractor induction brief that includes all relevant details of fire safety procedures and local safety arrangements.

All employees are responsible for monitoring work areas and providing appropriate levels of supervision.

Curriculum Activities

All safety management, risk assessments and maintenance of equipment for curriculum-based activities will be conducted under the control of the relevant Department Heads and subject teachers. They will use the appropriate codes of practice and safe working procedural guidance for Design & Technology, Science, Music, Physical Education & Sport, Art, Swimming and Drama as issued by CLEAPSS, HIAS and Hampshire County Council.

Display Screen Equipment

All Display Screen Equipment (DSE) users must complete the display screen equipment e-learning course annually.

All DSE users will carry out periodic workstation assessments using the Corporate Workstation Assessment Form. Findings from the workstation assessments will be actioned as necessary by line managers and routinely reviewed at intervals not exceeding three years.

Electrical Equipment

The Headteacher will ensure that:

- Only authorised and competent persons are permitted to install or repair equipment
- Equipment is not to be used if found to be defective in any way
- Defective equipment is to be reported and immediately taken out of use until repaired
- All portable electrical equipment will be inspected annually.
- Equipment testing/inspection can only be carried out by a competent person. The competent person is AGG Electrical Safety Testing.
- Personal electrical equipment is not to be brought onto the premises or used unless its use is approved by management and it has been tested
- New equipment is added to the work equipment inventory and PAT testing schedules.

Any defective or suspected defective equipment, systems of work, fittings etc will be removed from use, reported to the Site Manager and repaired or disposed of as soon as possible.

Emergency Procedures

The Headteacher will ensure that emergency procedures for non-fire related emergencies (gas leak, bomb threat, flooding etc.) are in place.

All employees will receive information, training and instruction on the non-fire emergency procedures and evacuation plans on induction. Employees will be periodically provided with updated information as the emergency procedures are routinely reviewed and amendments are introduced.

Personal Emergency Evacuation Plans are to be completed, provided and exercised for any vulnerable persons to be able to ensure safe, assisted evacuation in the event of an emergency incident.

Fire Safety

Arrangements regarding fire safety are set out in the Fire Safety Manual. The Fire Safety Co-ordinator is the competent person for fire safety on the premises and is the immediate point of contact for all fire safety related enquiries on site.

The Headteacher as Responsible Manager will ensure through the Fire Safety Co-ordinator that:

- All employees complete the mandatory *fire safety induction e-learning course* every year
- Fire safety information is provided to all employees at induction and periodically thereafter
- Fire evacuation procedures, fire safety training and fire equipment inspection and testing are carried out in accordance with corporate guidance and the premises fire safety manual
- The fire manual is reviewed annually by the Fire Safety Co-ordinator and amended as new hazards or required amendments are identified
- Information from the fire risk assessment is shared with employees annually

First Aid

Arrangements regarding first aid provision are set out in the First Aid Policy. The names and locations of the first aid trained employees on site are listed in the first aid policy and also clearly signposted around the school.

A First Aid Needs Assessment will be carried out to determine the level of first aid provision required and is completed by a member of the office team annually.

First aid provision will be regularly monitored, and equipment checks recorded.

First aid is never to be administered by anyone except first aid trained employees with in-date training certification, operating within the parameters of their training.

Housekeeping

Good housekeeping is an essential factor in effective health and safety. The following conditions will be adhered to:

- All corridors and passageways are kept free from obstruction
- Shelves in storerooms and cupboards are stacked neatly and not overloaded
- Floors are kept clean and dry, and free from slip and trip hazards
- Emergency exits and fire doors are not obstructed in any way
- Supplies are stored safely in their correct locations
- Rubbish and litter are cleaned and removed at the end of each working day
- Poor housekeeping or hygiene conditions are immediately reported

COSHH

Hazardous substances, materials, chemicals and cleaning liquids are not permitted to be used onsite until:

- Safety data sheets have been obtained
- A written COSHH assessment is completed by the trained COSHH assessor
- The product is approved for use by the Headteacher

When using a hazardous substance, employees will ensure that adequate precautions are taken to prevent ill-health and injury to themselves and others. Employees will be trained before using a hazardous substance and must follow safe working practices and use protective equipment if identified in the COSHH assessment.

All hazardous substances are stored appropriately in locked and clearly labelled stores in accordance with the relevant safety data sheets. Hazardous substances are stored in an outside cupboard and remained locked at all time.

Inspections and Monitoring

It is the responsibility of all employees to monitor the condition of their workplace throughout the day. Monitoring and inspections of individual departments is carried out by class teachers as nominated by the Headteacher.

Periodic documented inspections of the premises will be carried out every term in accordance with the premise's inspection schedule. Inspection findings will be recorded on the locally adapted Premises Safety Inspection Checklist.

All defects identified during these routine documented inspections are to be reported to Sue Marshall and the Headteacher and recorded in the defect book. Any identified high-level risks or safety management concerns will be addressed/actioned by the Site Manager and the school office.

The termly Health and Safety web monitoring form will be completed by Sue Marshall. The monitoring form focuses on different areas each term and is an integral part of the School's and Children's Services Health and Safety Team's monitoring programme.

Kitchens

The main kitchen area is only to be used by authorised employees/third party.

The main kitchen is managed by HC3S. Any persons not normally authorised but wishing to enter the kitchen area must gain approval prior to entry and must strictly adhere to the kitchen safe working practices.

Other kitchen areas, canteens, food preparation areas are managed by HC3S.-Where kitchens are managed by third parties, relevant safe systems of work and risk assessments will be shared between the third party and school.

Legionella Management

The Legionella Nominated Responsible Person (NRP) will manage and undertake all processes regarding Legionella in accordance with Hampshire County Council corporate procedure. They will:

- Record sentinel point temperatures on the online reporting system
- Regularly flush unused outlets
- Report any alterations to the water system
- Undertake descaling and disinfection

Lone Working

A risk assessment will be carried out to categorise each lone worker role and the risk presented, in accordance with the Corporate Lone Working Procedure.

Lone working will only take place:

- With the Headteacher's approval
- Following risk assessment
- Where it cannot be avoided

The lone working arrangements for employees who undertake lone working on this site is recorded in the signing in/out book and telephone call/text to Site Manager/Headteacher.

Minibuses

All minibus drivers will complete suitable training prior to being permitted to drive and carry out checks on minibuses. MiDAS training is recommended.

Minibuses will be fit for purpose and in safe condition. Drivers will complete and record pre-use checks before every journey. Minibuses will be inspected and serviced within the timeframes required for the vehicle and its age

Moving and Handling

All employees must complete the *moving and handling e-learning course* every year without exception.

Employees are not permitted to regularly handle or move unreasonably heavy or awkward items, equipment or children unless they have attended specific moving and handling training.

The Caretaker/Site Manager is expected to undertake regular physical work which would typically include significant moving and handling, so therefore they will attend a formal moving and handling course specific to the work requirements.

All moving and handling tasks are risk assessed before they are undertaken in accordance with the Corporate Moving and Handling Procedure.

Off-site Activities

Arrangements regarding off-site activities are managed in accordance with the Outdoor Education Service's procedures and guidance.

Provision of Information

The Headteacher will ensure that employees are periodically provided with information regarding safety arrangements. This information is shared through employees' meetings, meeting minutes, email distribution, signature-based receipt of information)

Visitors and Contractors are provided with Health and Safety Information on arrival by the school office team.

The Health and Safety Law poster is displayed in the employee's workroom/PPA room and school office.

Local health and safety advice is available from the Headteacher and the Children's Services Health & Safety Team can provide both general and specialist advice which is available on their website or on request.

Risk Assessment

Risk assessments will be carried out where a significant risk is identified or is reasonably foreseeable.

The trained risk assessor will oversee the correct completion of risk assessments. Risk assessments will be carried out by employees with the appropriate knowledge and understanding in each area of work, task or equipment being assessed.

All risk assessments and associated control measures are to be approved and signed by the headteacher.

Completed risk assessments are listed in the Risk Register located in the school office and will be reviewed periodically in accordance with each risk assessment's review schedule.

Smoking

Smoking and use of e-cigarettes/vaporizers is not permitted on school premises.

Stress and Wellbeing

Chalk Ridge Primary School is committed to promoting high levels of health and wellbeing and recognises the importance of identifying and reducing workplace stressors.

Stress management through risk assessment and appropriate consultation with employees will be periodically reviewed and acted upon in accordance with the Children's Services' and Health and Safety Executive's Management Standards, guidance and requirements.

School arrangements to monitor, consult and reduce stress situations are giving time (in addition to PPA) for teachers to complete extra work above their daily workload. Managers monitor teams and individuals in their team and when signs of stress are a concern these are reported to senior leaders.

Traffic Management

The school will develop a written Traffic Management Plan with arrangements regarding on-site traffic safety. The plan includes:

- A site plan diagram showing traffic and pedestrian routes, loading and parking areas
- Site plan check sheet
- Safe system of work; this can be included in the site plan check sheet
- Risk assessments where necessary

A copy of which is kept in the school office. Arrangements will be shared with employees and relevant third parties.

Training

Health and safety induction training will be provided and recorded for all new employees, including temporary workers and volunteers in accordance with the New Employees Induction Checklist.

The Headteacher will ensure that employees are provided with adequate information, instruction and training regarding their safety at work. Training needs analysis will be conducted from which a comprehensive health and safety training plan will be developed and maintained.

All employees will be provided with following as a minimum training provision:

- Induction training regarding all the requirements of this health and safety policy
- Local training regarding risk assessments and safe working practices
- Information following health and safety policy or procedural changes
- Relevant annual e-learning courses to meet mandatory corporate training requirements
- Role specific training
- Refresher training as required

Training records are held by Nicola Brooks who is responsible for co-ordinating all health and safety training requirements, maintaining the health and safety training plan, and managing the planning of refresher training for all employees.

Violent Incidents

Violent, aggressive, threatening or intimidating behaviour towards employees, whether verbal, written, electronic or physical, will not be tolerated.

Employees should be categorised using the Corporate Control Menu and control measures documented on the Violence and Aggression Risk Assessment. This will be shared with relevant employees and reviewed on a regular basis.

Employees must report all violent and aggressive incidents using the confidential online reporting system. Incidents will be appropriately investigated, and control measures reviewed to reduce the risk of similar incidents occurring in the future. Incidents will be reported as close to the incident date as possible.

Violent incidents between children will be reported locally on CPOMS.

If a child is injured following violence between children, it will be reported as an accident on the online reporting system.

Visitors

All visitors must initially report to the main reception where they will be provided with the key health, safety and fire safety information to enable them to act appropriately and safely in the event of an incident.

Visitors to the premises will be provided with safety information located at the front desk which they should read.

Vulnerable Persons

Where there are vulnerable persons (young, pregnant, those with a disability, those with temporary or permanent medical conditions etc) working or visiting the premises, a risk assessment will be completed. Appropriate procedures implemented to ensure their health, safety and welfare of vulnerable persons on school premises will be suitably managed.

Work Equipment

All work equipment requiring statutory inspection and/or testing on site (for example, boilers, hoists, lifting equipment, local exhaust ventilation, PE equipment, climbing apparatus) will be inspected by appropriate competent contractors.

All employees will check work equipment prior to use. Any defective or suspected defective equipment must be removed from use, reported to Sue Marshall and repaired or disposed of as soon as possible

Work at Height

Work at height will be undertaken in accordance with the Corporate Procedure for Work at Height, and the Children's Services Health and Safety Team guidance. At Chalk Ridge Primary School general work at height will be undertaken in accordance with the on-site generic risk assessment. A separate risk assessment will be carried out for higher risk tasks.

The trained competent person for work at height on the premises will:

- Use steps, stepladders and leaning ladders in accordance with their training
- Provide step stool instructional training briefs to employees
- Provide stepladder and steps training to employees using the Children's Services *Stepladder and Steps Safety* user training PowerPoint presentation
- Carry out periodic inspections of all on-site ladders, stepladders and podium steps used on site.
- Remove access equipment from use if defective or considered inappropriate for use

The competent person for work at height and all other employees are not permitted to use any other access equipment for work at height without specific training. This includes the use of scaffolding, mobile towers and mobile elevated work platforms.

School employees will not be permitted to work on roofs, unless they have suitable edge protection and safe access arrangements are in place.
