

Years 5/6 Netball Team match with St Mary's Juniors

We took our netball team to St Mary's Juniors, and the weather couldn't have been more perfect for a match. From the very first whistle, the team showed real resilience and determination — qualities that carried right through all four quarters.

The first quarter saw fantastic defending and attacking from both sides, and we got off to a strong start, finishing the quarter level at 1–1. As we headed into the second quarter, the determination to win was shining from every player. Their focus and teamwork were outstanding, and we went into half time still level.

Quarter three began as the sun started to set, but the team's energy only grew stronger. Their communication, teamwork, and respect for one another were clear to see, and they finished the quarter again level with exceptional defending and attacking by the team.

The final quarter was packed with brilliant defence, sharp attacking play, and excellent leadership from our captains. We scored another 3 points and it was clear to see that the amazing communication and teamwork really shone through in the final moments. Although the game ended 5–4 to St Mary's, our players were absolutely buzzing — the match was incredibly close, and their determination to play well and support each other was evident throughout.

A massive thank you to our parents and our smaller fans who came along to cheer us on. Your support means so much to us and to the children.

Thanks, Miss Trewin, Miss McCluskey and Mrs Powell
